

Cathedral Square Kansas City Southern Headquarters Kansas City, Missouri

Principal-In-Charge:
Hagos Andebrhan, PE

Project Manager:
Peiyu 'Patty' Yang, PE

Construction Cost:
\$70 Million

Delivery Date:
2000

The Cathedral Square project involved construction of the \$70 million, seven-story office headquarters for Kansas City Southern Industries and a five-level, below-ground parking garage.

Taliaferro & Browne provided the civil engineering, surveying, and platting work for the project. Civil engineering responsibilities included grading and drainage, siting and geometric layout, relocation of underground utilities (e.g., storm sewer, sanitary sewer, and water). Surveying responsibilities included topographic and property survey, ALTA/ACSM title surveys, and platting.
