Career Overview

Mr. Graham has over 30 years' experience in all aspects of civil engineering, site development, and project management. His responsibilities at Taliaferro & Browne, Inc. encompass all aspects of the firm's operations. He is quality control officer and heads the project development and public relations efforts of the firm. As president and co-owner of the firm, Mr. Graham serves either as principal-in-charge or quality control officer on all company civil engineering projects.

Project Leadership

Mr. Graham led the design efforts for:

- The Sprint Center
- Power & Light District
- The University of Missouri-Columbia Life Sciences Building
- Maryland Avenue Garage (University of Missouri-Columbia)
- Blue Parkway Realignment
- Riverfront Park Development (including Riverfront Drive, Riverfront Heritage Trail, and the Town of Kansas Pedestrian Bridge)
- The Jazz Hall of Fame Development (18th & Vine Historic Jazz District)
- UMKC Campus Master Plan
- New Paseo High School
- First Guard Office Building
- Blue Parkway Town Center
- H&R Block Service Center
- Mt. Cleveland Mutli-Housing Development Project
