

Science City at Union Station Kansas City, Missouri

Principal-In-Charge:
Hagos Andebrhan, PE

Project Manager:
Michael Nosseir, PE

Construction Cost:
\$255 Million

Delivery Date:
1999

The Science City at Union Station project involved the \$234 million preservation, restoration, reconstruction, and site improvements of the historic Union Station to house Science City, a hands on, activity-based museum.

Taliaferro and Browne provided the grading and drainage plans, coordinated utility abandonment, modifications, and relocation associated with the 10-acre west parking lot, and designed 3,000 feet of storm sewers and a 2,000-foot water line.
